Preschool is a time for your child to prepare for a lifetime of outside-the-home learning and a time for developing good attitudes regarding learning in school. He or she will also have the opportunity to meet and associate with others of the same age and learn to adjust to a routine and to develop good work habits. More and more research is showing the importance of early learning experiences for children. If you have any questions or wish for a conference regarding your child's progress, please call us. We are looking forward to a rewarding and exciting year.

Bring your child to meet their teacher and see the classroom at Children's Open House on: Wednesday, September 5<sup>th</sup> from 5:30-7:00 P.M.
